Off-Ice Skater Development (14 weeks)

October 21, 2017 – February 17, 2018

This exciting new program will incorporate various styles of dance and creative movement to enhance every skater's ability to move and perform on the ice. Classes will include a stretch portion designed specifically for figure skaters and will be tailored to skater's needs throughout the season.

We are excited to offer this new Off-Ice Skater Development class for our skaters registered in Advanced CanSkate, STARSkate 1-3 and STARSkate 4+/Advanced. Please note that in order to participate skaters must be registered in a regular skating program for the winter session. As this is a pilot program we are offering the classes at a discounted rate for this season - no refunds or makeups will be available. All skaters must have submitted the application and payment before being permitted in the class.

Name of Skater: _____

Off-Ice Skater Development
